Financial Results for Second Quarter of FY2022
(From April 1, 2021 to September 30, 2021)

October 28, 2021
Hino Motors, Ltd.

## 1. 1st half of FY2022 Sales Turnover

2. 1st half of FY2022 Consolidated Income Statements
3. FY2022 Sales Forecast
4. FY2022 Consolidated Financial Forecast

Global Unit Sales (Retail Sales) (Unit Sales in Each Region)

- Global unit sales reached 74.3 thousand units.
- Unit sales grew from the previous year in almost all regions. Overseas unit sales recovered to the level in FY 2020, except those in Asia and North America.

## Truck and Bus Market in Japan

Total demand：The impact of the declaration of state of emergency on the truck market was limited． The problem of supply of parts has recently started affecting the manufacturing of vehicles．
Hino＇s sales：The share of our light－duty trucks in the market of trucks and buses grew，hitting a record high for the first half．

| Total demand |  |  |  | For reference 111，070 |

## Sales Volumes in Indonesia, the U.S. and Thailand (Retail Sales)

Indonesia: Sales volume grew significantly from the previous year, due to the skyrocketing of prices of natural resources and the resumption of infrastructure investment plans.
The U.S.: Sales volume dropped considerably from the previous year, due to the suspension of production at factories.
Thailand: The market recovered, and sales volume grew considerably from the previous year, recovering to the level in FY 2020.

## Consolidated Sales of TOYOTA Brand Vehicles and Unit

-Sales of vehicles and units increased significantly from the previous year.

## Recognized Business Environment in FY 2022

Exchange
rate

Market

| Materials |
| :---: |
| Supply of <br> parts |

Initiatives in the $2^{\text {nd }}$ half

- Optimization of fixed costs

First half

Weakening of the yen
Second half
Risk of depreciation of currencies of emerging countries

Recovery trend mainly in ASEAN countries

Further skyrocketing of prices of steel, etc.

Emergence of risks due to the shortage of semiconductors and COVID-19

## To continue activities that have been conducted since FY 2021

- Enhancement of competitiveness (Comprehensive support and cost reduction)
- Investment in advanced technologies and DX
- Strengthening of our business foundation

## Global Unit Sales (Retail Sales)

Global unit sales are projected to be 158 thousand vehicles, up 8,000 vehicles from the forecast announced at the beginning of the term.
